I am a passionate software developer who seeks to serve through software development and provide software solutions which can be of benefit to the world. I am also a person of interest to things I find of good values and also of good use to others.

## EXPERIENCE

### **SmartWeb Nigeria Limited, Jos — Customer Sale Representative**

NOVEMBER 2020 - JULY 2021

During my stay in the organization, I worked in the customer sales representative department as an intern.

I served as a point of contact selling products and services to prospective customers using solid arguments.

I proffered support to existing clients with information and assistance that relates to products and services.

Responding to clients' requests via mails.

Supply management with reports on clients needs, problems, interests, competitive activities, and potentials for new products and services.

I develop a cordial relationship with my other colleagues and other departments.

Expedite to resolve clients problems and complaints to maximize satisfaction.

I reach out to both our prospective and existing clients through phone calls.

### **Nhub, Jos — Software Intern**

AUGUST 2018 - FEBRUARY 2019

Build sustainable relationships and trust with customers through open and interactive communication.

I acquired skills in software engineering, digital skills, and entrepreneurship.

Gained a lot of experience due to different meetups I attended at the hub such as the Atlassian meetup, aeternity blockchain, Google Developer Group, and Google Digital Skills and many others
